Professional Summary

Motivated Information Technology graduate with a strong foundation in software development, database fundamentals. Proficient C, with hands-on experience writing SQL queries and managing data in MySQL. Skilled at debugging, problem-solving, and building real-world applications through academic projects and internships. Strong communicator with proven ability to collaborate effectively in team environments and a genuine eagerness to learn new technologies.

Technical Skills

Programming Languages

C, Python

Database

MySQL (SQL queries, data management, database fundamentals)

Web Technologies

HTML, CSS

Tools & Platforms

Windows OS, MS-Office

Core Competencies

Software Development, Debugging, Problem-Solving, Data Management, Team Collaboration, Communication

Academic Projects

Logistics Management Database System

- Designed and implemented a 15-table relational database in MySQL covering customers, orders, shipments, drivers, vehicles, routes, warehouses, inventory, invoices, and payments.
- Wrote SQL scripts to create schemas, define primary/foreign key relationships, and populate the database with realistic transactional data for testing and queries.
- Applied database fundamentals such as normalization, referential integrity, and status-tracking workflows (order and shipment lifecycle) to model a real-world supply chain system.

Smart Traffic Alert System Using Deep Learning (YOLO)

- Developed a real-time software application using the YOLO deep learning model to detect vehicles and analyze traffic from live video streams.
- Applied problem-solving and software development skills to design automated congestion detection and alerting logic, demonstrating ability to build and test practical, real-world applications.

User Authentication & Profile Management Web App

- Built a full-stack web application with HTML, CSS, and JavaScript on the front end and PHP on the back end, implementing user registration, login, and profile management.
- Connected the application to a MySQL database for persistent user data storage and wrote test scripts to validate database connectivity.
- Containerized the application using Docker and managed dependencies with Composer, gaining exposure to deployment-ready software development practices.

Internship Experience

Intern, India Post Payments Bank

Information Management System

- Contributed to a software project on an Information Management System, working with data management and financial transaction processing workflows.
- Gained hands-on experience with system optimization and maintaining data accuracy, collaborating with team members on real-world tasks.

Data Analytics Intern, Mindenious Technology Pvt. Ltd.

- Completed a Data Analytics internship, applying analytical and problem-solving skills to interpret data and support decision-making.
- Strengthened practical coding and debugging skills while working independently and meeting project deliverables.

Certifications

- Explore Text to Speech Using IBM Watson October 21,2024
- Cambridge English: Linguskill -July 13-17 ,2023
- Paper Presentation : 3D Password-March 08,2024(Participation)
- Diploma in MS-Office(A Grade)
- Artificial Intelligence & ChatGPT for Cyber Security 2025
- Paper Presentation : 5G Technology-March 08,2024(Participation)

Education

Bachelor of Information Technology, Sri Ramakrishna Institute of Technology	2026
CGPA: 7.1	
HSC, Universal Matric Hr. Sec. School	2022
62.5%	
SSLC, Universal Matric Hr. Sec. School	2020
89.8%	

Seminars & Workshops

Cybersecurity in Connected Cars, Coimbatore Institute of Technology

Networking Essentials using CISCO, KPR Institute of Engineering & Technology, FIESTAA'25

Data Analytics using ORANGE, Coimbatore Institute of Technology

Achievements

- First Place – 6th All India Level Karate Open Championship Tournament (2015)
- Second Place – Anna University Kho-Kho Tournament (2022)
- Second Place – Vihansa Kho-Kho Tournament, Sri Ramakrishna Institute of Technology (2026)
- Third Place – KKIT Udhayam Kho-Kho Trophy (2026)
- Second Place – AIT Intercollegiate Kho-Kho Trophy (2026)
- Third Place – 4×100 m Relay & 4×400 m Relay (2026)
